

CRYSIDIDAE (HYMENOPTERA) FROM THE AZORES¹

Identified by WALTER LINSENMAIER²

Only one Chrysidid was met with but this was found to be an interesting record.

Chrysis ignita ssp. *bischoffi* Linsenmaier

Azores: Santa Maria, limestone area, 20.III.1957. (Loc. 48). 1 specimen.

This is a South European race of this well-known species which was recorded from the Azores (Faial) by J. D. Carthy (Ann. Mag. Nat. Hist., 12, VIII, p. 837, 1955).

1) Report No. 13 from the Lund University Expedition in 1957 to the Azores and Madeira.

2) Ebikon, Luzern, Switzerland.
